chill middle eastern music for studying, relaxing, working, hookah (2 hours)

Various Artists
2 hours 11 minutes

If you're struggling to find the right music to get by at your desk, during your commute, while studying or, as the title of this video suggests, smoking hookah,* we've found a compilation just for you. Taqsim is an online Middle Eastern music community founded in 2018 with the aim of connecting music lovers and musicians, and of course, sharing good music. They've featured Armenian music and musicians extensively so far (which makes us wonder if there's an Armenian behind the scenes), and this video by them features over 2 hours of nonstop beautiful music by the likes of Arto Tuncboyaciyan and Ara Dinkjian. Put on your headphones and start listening!
