Hovhannes Tumanyan Museum is the most beloved destination in Yerevan for children and adults. Since April 1953 the museum is dedicated to renowned prominent writer, poet and humanitarian Hovhaness Tumanyan, with 18,000

exhibited items. The six rooms of the museum represent the perfect replica of Tumanyan's last apartment in Tbilisi. The museum is also rich with artistic masterpieces that used to decorate Tumanyan's apartment during his lifetime (most notable works are those of G. Bashinjaghyan and P. Terlemezian), and also with newer works that were influenced by the writer's life and creations (M. Saryan, G. Khanjyan, Al. Grigoryan and others). The 54 steps leading up to the entrance of the museum symbolize the lifetime spent of the great Armenian.

The program is organized by Glendale Library Arts & Culture department and **will be presented in Armenian.**
