Assessing health systems in unrecognized states

By Kent Garber, Armen Aboulian, Shant Shekherdimian

Research funded by the Institute of Armenian Studies

.

source:

Established in 2005, the USC Institute of Armenian Studies supports multidisciplinary scholarship to re-define, explore and study the complex issues that make up the contemporary Armenian experience – from post-Genocide to the developing Republic of Armenia to the evolving Diaspora. The Institute encourages research, publications and public service, and promotes links among the global academic and Armenian communities.
