Postcard Like No Other

Whether you're traveling locally or abroad this summer, you are probably not visiting Kavak Monastery in Artsakh's Hadrut region. Let's face it, no one is. That's because the minefield at Kavak Monastery poses a daily threat to the lives of the 2,392 local people living nearby. But you can change that!

Send your loved ones our special edition Kavak Monastery postcards and help make Kavak Monastery mine-free at the same time. Just go to our online donation [page](#) and select "Dedicate my donation in honor of someone" to send a postcard that looks good and saves lives!
