sur Facebook

Every year Camp Javakhk is funded by people like you. Armenians everywhere come together to talk about Javakhk and contribute to this program: people who care about Javakhk, our compatriots there, their future and ultimately the future of our nation.

Over the years the Armenian youth around the world have made it their mission to connect with the Armenian community in Georgia. By contributing to this program, you're helping to keep alive the centuries-old Armenian heritage of Javakhk.

On behalf of all past, present, and future Camp Javakhk counselors, we urge you to make a donation to this righteous cause, to ensure yet another year of smiling campers who interact with and learn from their counselors. Your donation of \$50 will sponsor one camper at any three of our camps in the region this summer. We expect to have 500+ campers this year!

Don't forget to follow us on [Facebook](#) & [Instagram](#)

We hope you'll be a part of this cause, and thank you in advance for your support.

Camp Javakhk is a program of the Armenian Relief Society, Inc.
