

**Les municipales à Glendale,
Californie , mais plus tôt que Paris
, le 3 mars 2020 :**

February 29, 2020

VOLUNTEER

"I have known Leonard Manoukian since 2004, due to our involvement in the American Youth Soccer Organization (AYSO)'s Region 88 program in the Glendale/La Crescenta area, where he has served as a coach, referee, and administrator for the last 15 years.

Leonard has proven time and time again to be a very conscientious and tireless volunteer and leader, sacrificing his time and energy for the benefit of the children in our Region. He has endeared himself to parents and players alike, as a coach, mentor, and friend.

Leonard has always endeavored to live up to the highest values of the AYSO: developing the character of our children through soccer and teamwork. I feel our community would benefit greatly if he were to serve as a Glendale City Council member.

Thank you for taking the time to read this.

The elections will be held on March 3rd, 2020

Dear Neighbor,

As March 3rd approaches, I wanted to reach one more time and talk to you about this election. I want you to know that **I will serve all of Glendale's residents**; that, as a City Council member, I will represent **YOU**. We are a diverse community and each resident deserves to have an independent Council member who will speak for them. Not only will my door be open to you, but I will actively engage all segments of our city. I will address your concerns and focus on problem solving.

Many of you have expressed deep concerns about realtors, apartment owners, and other special interest groups giving money to candidates or sending out misleading campaign fliers. Did you know that these fliers cost upwards of \$30,000, each? On top of that, these groups are running field campaigns to benefit their candidates. Long story short, 100's of thousands of dollars are being spent by special interest to get their candidates elected.

I have not asked for, and have not accepted, any help from these group, not that they'd offer it to me. I am running a grass roots campaign and my "staff" consists of my sons and their young friends who have volunteered their free time to help my campaign. Like you, I am a resident who wants the best for my city, not some special interest.

Please remember, our values as a community are what guide us as we work to make Glendale become the city we want and deserve. I am proud of my record of service to you and our city, and will continue to serve **YOU** when on Council.

Let's work together to make Glendale better and a city that our children will happily call home.

for a long time to come.

I hope that on **March 3rd**, you will cast one of your three votes for candidate **#6, LEONARD MANOUKIAN** for Glendale City Council.

All the best,
Leonard
