ARPA Institute Zoom Panel Discussion
On
"Insurance Foundation for Servicemen (1000 Plus) & Armenian Wounded Heroes Fund"
By Sona Baghdasaryan & Razmig Arzumanyan

Saturday, September 18, 2021 at 10:00am, PDT
Moderated by Dr. Hasmig Baran

Abstract: When a soldier makes the ultimate sacrifice on the battlefield, he leaves behind parents, siblings, and often a wife and children. In addition to grieving and coping with the loss of a loved one, these families need to adapt to degraded living conditions. The additional employment and new ways to support their children, adjust to mental health challenges. It is mandatory for every employed person in Armenia to contribute monthly to IFS. Additional funds are raised through donations from Diaspora and Armenia. IFS provides families of deceased and disabled soldiers in Armenia with payments based on two categories: Unemployed servicemen if first-degree disability (complete loss of work capacity) - \$20,000 lump-sum, \$400-\$900 monthly for 20 years. Second-degree disability (considerable loss of capacity) - \$10,000 lump-sum, \$200-\$450 monthly for 20 years. The Armenian Wounded Heroes Foundation partners with IFS to channel tax-deduction donations. It also provides prosthetics and rehab to wounded heroes and protective gear and first aid kits to soldiers in the front-line, to prevent death.
